### **Scope and Content**

The John E. Hogan papers cover 1916 to 1998, with some undated materials. The bulk of the papers are from Hogan's time serving as counsel for the U.S. House of Representatives Committee on Agriculture from 1975 to 1998. The papers mainly consist of Hogan's research, including Congressional Research Service reports, legislation documentation, correspondence, and other administrative materials. Some of the main topics addressed in the files include the 1990 and 1995 Farm Bills, the North American Free Trade Agreement (NAFTA), and the Environmental Protection Agency (EPA).

The papers are divided into five topical series: Agriculture, Environment, Federal Law, Trade, and Richard Nixon Impeachment Materials. Series I. Agriculture is by far the largest series, constituting nearly half of the collection. Overall, the materials are in excellent condition.

### **Administrative/Biographical History**

John E. Hogan was born on December 30, 1925, in Janesville, Minnesota. After graduating from the University of Minnesota, Hogan served in the U.S. Navy from 1950 to 1957, including service during the Korean War. Taking full advantage of the GI Bill, he transferred to Washington, D.C. and earned a law degree from George Washington University, a Masters in Law from Georgetown University, and a Masters in Business Administration from American University. Hogan remained in the U.S. Naval Reserve until 1983.

In 1969, Hogan started his tenure working with the U.S. House of Representatives. After serving as Minority Counsel for the House Committee on the District of Columbia (1969-1975), Hogan was appointed Republican Counsel for the House Committee on Agriculture (1975-1998). He served in various roles including Associate Minority Counsel (1975-1979) and Minority Counsel (1979-1995) before retiring in 1998.

In 2001, Hogan returned to D.C. to serve briefly as President George W. Bush's Active Deputy Under Secretary for the U.S. Department of Agriculture's Food Safety and Inspection Service.

Hogan married Edith Howard and had two children: Edith Chrystal Hogan and Terrence Howard Hogan. He died on November 7, 2012.

### **Archival Arrangement**

The John E. Hogan papers were originally housed in 10 record storage boxes. There was some arrangement with similar topics located close together but not enough to warrant keeping the folders in the original order.

The papers have been rearranged and are now organized into five topical series: Agriculture, Environment, Federal Law, Trade, and Richard Nixon Impeachment Materials. Within each series, the folders are arranged alphabetically by title.
